COMPANY OVERVIEW

CHEONWITECH CONSULTING LLC is a North Carolina-based small business delivering reliable IT, logistics, and consulting solutions to federal, state, and local government agencies. We bridge complex government operational needs with agile, cost-effective contractor support — accountability and mission-focus built into every engagement.

CORE COMPETENCIES

Information Technology

IT infrastructure, cybersecurity, cloud solutions, help desk & technical staffing

Logistics & Ops Support

Transportation coordination, warehousing, supply chain & mission logistics

Management Consulting

Program management, process improvement & operational advisory services

Staffing & Facilities

Technical & admin staffing, facility support & maintenance coordination

KEY DIFFERENTIATORS

- ◆ **Technology-Driven Delivery** — Advanced technology integration accelerates reporting, data analysis, and workflow automation.
- ◆ **Multi-Service Single Vehicle** — IT, logistics, consulting & staffing under one contract — eliminates multi-vendor overhead.
- ◆ **Research Triangle Presence** — Raleigh-based with direct alignment to NC agency environments and federal contracting hubs.
- ◆ **Direct Decision-Maker Access** — Clients engage leadership directly — no bureaucratic layers, faster accountability.
- ◆ **Government-Process Ready** — Documentation, compliance, and delivery built around public-sector standards from day one.

CONTRACTING VEHICLES & REGISTRATIONS

- ◆ **SAM.gov Registered** — Active federal registration, fully prepared for federal solicitations and awards.
- ◆ **NC E-Procurement Ready** — Registered and positioned for state and local North Carolina agency procurement.
- ◆ **Prime & Sub Capable** — Structured to perform as prime contractor or subcontractor across all service areas.
- ◆ **Teaming Partner Ready** — Actively seeking mentor-protégé and teaming partnerships with prime contractors.

PAST PERFORMANCE & CAPABILITIES

- ◆ IT infrastructure support and technical staffing for government and commercial clients
- ◆ Logistics coordination and supply chain operations management
- ◆ Management consulting and program coordination engagements
- ◆ Administrative staffing and operational facility support services

TEAMING & PARTNERSHIPS

CHEONWITECH actively welcomes teaming relationships with prime contractors, large businesses, and small businesses seeking a reliable multi-capability partner for federal, state, and local awards. We bring complementary IT, logistics, and consulting capabilities to strengthen any proposal team.
